

STUDENT CONDUCT ON SCHOOL BUSES

It is the cooperative mission of the district and the contracted transportation provider to provide safe transportation to and from the schools. To facilitate this process, the Superintendent shall establish written rules which govern the conduct of all those transported by vehicles contracted to the Board of Education. Copies of the rules shall be incorporated in the student Code of Conduct and parent handbook to help parents understand bus behavior rules and the disciplinary actions taken to enforce safety of our students.

Violations of rules established for bus riders may result in the suspension or expulsion of transportation privileges. Bus ridership violations may also fall within the jurisdiction of other areas of the student Code of Conduct and will be dealt with accordingly. State law requires a student's attendance in school. If bus privileges are revoked, it will remain the responsibility of the parent or guardian to transport the student to and from school.
