

## **New – Electronic Report Cards Option!**

We understand that more and more of our parents are increasingly getting their information online, from Skyward Family Access for grades and attendance, to bill payments and access to their medical records.

In an effort to provide you with more secure, timely report card delivery and other previously paper-only communications, we would like to offer parents the chance to take advantage of our new e-communications service in place of having paper copies mailed home. **To take part**, simply fill in the form below, acknowledging you would like to receive your child's school report cards and other correspondence by email instead of regular mail delivery.

Not ready to take advantage of this new service? There is no need to do anything to keep receiving this information via post office mail.

Questions? Please contact your child's school office.

-----  
Please return the bottom half of this form **ONLY** if you would like communications to come to your email address **INSTEAD** of by mail.

Child Name \_\_\_\_\_ School \_\_\_\_\_

\_\_\_\_ Yes, I would like to view my child's report cards and other communications from the school electronically **instead** of having paper copies mailed home. I understand that I can discontinue this service at any time by calling or writing my child's school.

My email address that I would like those sent to is: \_\_\_\_\_

Parent Signature \_\_\_\_\_ Date \_\_\_\_\_
