Good Afternoon School District of Beloit Families,

It is hard to believe that this is the last week in April. Our teachers and staff continue to work diligently to provide a positive learning environment and experience for all our students while in concurrent and in-person learning. Please reach out to your child or teen's teacher with any questions you may have.

Monday, May 3 kicks-off Teacher Appreciation Week. I am grateful for the work of our teachers and their commitment to our students and families. Our teaching staff embraced and overcame many challenges this past year. They kept their focus, attention, and compassion on our students and enabled them to grow and learn despite this pandemic. They are remarkable educators and I value and appreciate them. If you would like to give a shout-out to your child's or teen's teacher, you can fill out this [nomination form](#). All messages will be shared on our Facebook page during the week of May 3.

School Lunch Program

The School District of Beloit supports and promotes healthy eating choices that improve students' health status and academic performance. Foods available in school environments are carefully selected to contribute to students' nutritional well-being and the prevention of disease. The District offers meals, including breakfast, lunch, and afterschool snacks each day free of charge. Here's a link to our [food service website](#) to view all school menu items for breakfast, lunch, and snacks.

During the transition from the pandemic, we ask that parents refrain from bringing food from restaurants into our schools.

Grab and Go Meals

Grab and Go Meals continue to be available at all elementary schools from 11 am to 1:30 pm every Wednesday through June 9. This will be a seven-day pack of breakfast and lunch meals. If you are unable to pick-up your Grab and Go Meals, we provide delivery service. Please call (608) 361-3136 to arrange for delivery.

Tech Support at the Beloit Public Library

Our tech support at the Beloit Public Library will continue for the next three Thursdays from 11 am to 4 pm. Thursday, May 13, will be our last tech support availability at the library. We have enjoyed meeting with families and students and helping them take care of all their technical needs. Tech support is always available through your student's school and [online](#).
