

Dr. Stanley Munro Spent the Week in Beloit

Our new Superintendent of schools, Dr. Stanley Munro, his wife Yovana, and their two children, spent the week of March 11th to the 15th here in Beloit. Dr. Munro toured our schools, attended several community events such as the Chamber of Commerce Dinner, the joint City and School meeting and workshop, and the Beloit 200 meeting. While here Dr. Munro and his wife Yovana were even able to attend a performance of the musical ***The Drowsy Chaperone*** which was put on by the Beloit Memorial High School's Theater Department as the Spring Musical.

On Friday Dr. Munro was able to get a tour of the new administration offices which is currently under construction and is scheduled to open sometime in July. Dr. Munro and his wife are extremely impressed with all that the School District of Beloit and the greater community have to offer them and their two children. They look forward to being part of our community beginning this July.
