BMHS, Beloit Learning Academy and Roy Chapman Andrews Academy administrators need to coordinate their calendars so there are no conflicting events to allow students to be involved in fairs and other BMHS activities. Parents at RCAA/BLA need to be made aware that their children can participate in these activities.	Communication enhanced and participation in recent events have occurred and should continue in the future at BMHS (Dec 8th)

#### Recommendation #1:

The Beloit Board of Education must articulate a broad vision that converts a district-wide commitment to diversity into a concrete achievable plan to recruit and retain a diverse body of high quality faculty and administrators. This must then be integrated with the district's larger strategic plans while also reflecting the diversity of the student body. Further, the board must affirm its commitment and intent to assess successes in order to ensure that the district reaches and maintains the visionary goal it sets. The goals, assessment criteria, and progress toward goals must be shared with community members through board meetings at regular intervals.

#### Recommendations #2:

The Beloit Board of Education and the district administration must articulate the importance of producing and maintaining an organizational climate that is inclusive, respectful, and effective in allowing employees to work to their highest potential. This goes hand-in-hand with acknowledging the importance of a diverse workforce. In order to establish baseline and other data sets about climate, it is crucial that periodic (at least annual) climate and exit surveys be administered to ALL employees. These data must then be used to both assess and improve the climate on an ongoing basis.

## **NOTICE OF MEETING**

### SCHOOL DISTRICT OF BELOIT (E)Quality Committee

Date:	Monday, February 8, 2016
Time:	4:00 p.m.
Location:	KOLAK EDUCATION CENTER – Room 210 The Roosevelt Building 1633 Keeler Avenue Beloit, WI 53511

#### Minutes

Call to Order 4:07 pm

Review of previous minutes

- Moved Syretha Washington
- Seconded Lisa Anderson-Levy

#### Icebreaker

- Unconscious mind: can't do it without Doc there :)
- Empowerment Cards the work we do, and the work our students do is very difficult. • *if it brings peace to yourself and others, it is the right thing to do.... now!*

#### Updates

YMCA Teen Achievers Program

• Tasha as spearhead - formerly black achievers program. First time set up within YMCA - group ready to begin. Exposure to college and career opportunities. All students who participate will receive a free Y membership (self & family!) - wear the shirt = do the work! Students were identified - juniors and seniors - look to expand to Intermediate level next year.

#### Translation Services

• Ad Hoc committee brought concerns of access via translation services for Latino / Spanish speaking families. Bought headphone sets for one person to be at meetings and translate in live time to those who need. Can be used for BOE meetings, other venues - goal to have the headphones and an interpreter at all meetings. (More efficient time-wise to use headphones/interpreter vs. having an interpreter presenting at meetings.) Rosamaria Laursen handling the staffing part - who will be available at meetings, etc. - in-district FTE for interpreting, but also can rely on bilingual SDB staff.

#### Expulsion policy

• will discuss at another time

Equity Recruitment/Retention Program

- Plan will be coming to the board for approval soon. Some pieces:
  - Diversity goals diversify district employees

- Visit HBCU, HLCU
- Look at in-house and Beloit/local talent
- Last month's event brought 96 people in
- Looking for people in our classrooms to be connecting with kids!
- Goal shouldn't all students during their K4 12 experience and have multiple teachers who look like them? Goal is not to hire minority only, but to expand the diversity of staff.

#### Parent Workshop

- SUPER SATURDAY! March 12 at Boys and Girls Club 9 am 1 pm
- Target audience upper intermediate parents transitioning into high school
- Topics based on the survey we did last spring in (E)Quality
- Raffles, giveaways, dentist, doctor, masseuse, many services for students and parents!
- Flyers will be coming out soon

GYO Jazz Event

- Friday, April 8 -- Eclipse Center -- 6 10 pm
- 3 of the 4 top HS Jazz Bands in the state -- BMHS, Lake Geneva Badger and Milwaukee School of the Arts will perform (did not hear back from Sun Prairie)

**Topic or Concern:** Budget Adjustments

Which strategy in the Strategic Plan does this support? Strategy 1-Finance/Facilities

Your Name and Title: Janelle Marotz, Assistant Superintendent of Business Services

Others assisting you in the presentation:

My report is for: Action

#### II. TOPICAL INFORMATION

#### A. What is the purpose of presenting this to the Board of Education?

The Board to approve budget amendments made to date as listed in the attached document.

## **B.** What information must the Board of Education have to understand the topic/concern and provide any requested action?

Changes have been made since the budget was adopted in October. These budget adjustments were made to adjust for grants, common school monies and other small budget amendments to be added into the budget.

## C. If you are seeking Board of Education action, what is the rationale for your recommendation?

Per Wis. Stats. 65.90(5), a district may not legally spend above appropriated amounts unless approved by a two-thirds vote of the school board. Any subsequent changes made by the school board to the adopted budget will be published in a notice of the budget change/amendment as required under state statutes.

## D. What are your conclusions? (NOTE: Reports requesting action must contain a specific motion for Board of Education consideration <u>and</u> a fiscal note.)

The Board to approve budget amendments made to date as listed in the attached document.

**<u>MOTION</u>**: The Board of Education approves the budget adjustments as listed in the attached document.

Please indicate if you are using an Existing Budget, requesting Fund Balance Monies or placement on the Budget Priority List:

Long Term Committed Funds?

#### BUDGET LOCATION: All

Thomas Johnson District Administrator Beloit School District Kolak Education Center 1633 Keeler Ave Beloit WI 53511-4713

Dear Thomas Johnson:

I am pleased to inform you that your agency's application for the 2015-2016 Educator Effectiveness (EE) Grant has been approved for funding in the amount of \$50,000 for the period of July 1, 2015, through June 30, 2016. The Notification of Grant Award is enclosed.

Your district must complete the following to receive EE System funding.

- 1. Pay fees or expenditures for EE System costs based on approved budget (e.g., model vendor invoice).
- 2. Submit claims using the Department of Public Instruction (DPI) provided form (PI-1086). The DPI will reimburse district claims within 4-6 weeks of receipt of the claim form.

For questions about this program, please contact Jacob Hollnagel at (608) 266-5195 or Jacob.Hollnagel@dpi.wi.gov. The enclosed Program Fiscal Report (PI-1086) must be submitted by September 30, 2016. Claims should not be filed until payment is made or received by the agency's model vendor or expenses have been made to cover the costs of an equivalent model. Reimbursement of claims for state-model districts will be held until payment of fees is verified.

Thank you for supporting educators and improved teaching and learning for all students through your participation in the Educator Effectiveness System.

Sincerely,

Tony Sm

Tony Evers, PhD State Superintendent

Educator Effectiveness Grant

#### **Terms and Conditions**

In order to implement the Wisconsin Educator Effectiveness System, districts will receive \$80 per educator (i.e., superintendents, principals, teachers, and other licensed educator roles) to cover the costs associated with system development, training, software, support, resources, and ongoing refinement.

#### **Grant Restrictions**

Districts will only receive funds for appropriate, approved expenditures associated with participation in the Wisconsin Educator Effectiveness System within the period of the grant award (i.e., upon Department of Public Instruction's receipt of an application through June 30, 2016). Districts cannot carry over funds.

Grant monies must be spent or obligated by June 30, 2016. A final Program Fiscal Report (PI-1086) must be filed by September 30, 2016. Claims should not be filed until payment is made or received by the agency's model vendor or expenses have been made to cover the costs of an equivalent model. Reimbursement of claims for state-model districts will be held until payment of fees is verified.

### THE SCHOOL DISTRICT OF BELOIT GIFTED AND TALENTED ADVANCED LEARNER PROGRAM

The School District of Beloit is committed to providing an appropriate education to all students. We recognize the importance of providing appropriate education for students who are identified as gifted and talented <u>advanced learners</u> in accordance with Board policy and Wisconsin state law. Therefore, the School District of Beloit will use a comprehensive identification process matched with systematic and continuous programming to meet the learning needs of our gifted, and talented, and advanced students.

Students in grades K-12, who demonstrate or show the potential to demonstrate high performance capability in intellectual, creative, artistic visual and performing arts, leadership or specific academic areas will be identified for gifted and talented advanced learner programming. A holistic student profile, which may include, but is not limited to, assessment data, observations, parent and teacher inventories, and student work samples, will be used in the identification process.

The School District of Beloit is dedicated to providing programming appropriate to the needs of gifted, and talented, and advanced students. We recognize the importance of curricular modification for gifted, and talented and advanced students which may be within or outside the established curriculum. Planning for students is completed in collaboration with parents, educators, and students. The administration will determine specific guidelines and criteria for the implementation and regulation of the gifted and talented advanced learner program in conjunction with state guidelines and national standards for gifted advanced learner education.

### SUPERVISION OF STUDENTS

The Board of Education expects all students to be under assigned adult supervision at all times during school hours including traveling by district sponsored transportation to and from school and engaging in school-sponsored activities.

The Board of Education expects all students to be under assigned adult supervision when they are in school, traveling under school auspices to and from school on school buses or and engaging in school-sponsored activities.

School personnel Employees or contracted personnel assigned this supervision are expected to act as reasonably prudent adults in providing for the safety of the students in their charge.

In keeping with this expected prudence, no teacher or other staff member shall leave his/her assigned group unsupervised unless reasonable and prudent arrangements are made.

During school hours, or while engaging in school-sponsored activities, students shall be released only to the custody of parents or other authorized persons.

The school administration shall assure that anyone who wishes to contact a student during the school day is doing so for proper reasons.

#### EMPLOYEE PHYSICAL EXAMINATIONS

Upon initial employment, every employee of the School District of Beloit shall provide the administration with written evidence of having had a physical examination, including a chest x-ray or tuberculin skin test, by a licensed physician. Such examinations shall be taken before the opening of school for the year required, or in the case of an employee new to the District after that time, as soon after becoming employed as is practical. Should an employee test positive for tuberculin exposure, a chest x-ray or other corroborating test will be required.

An employee may be exempt from the physical examination requirement for religious reasons if an affidavit has been filed with the Executive Director of Personnel Services Human Resources claiming such exemption. No employee shall be discriminated against by reason of his/her filing of an affidavit.

Required physical examinations may be performed by the District's designated health service without cost to the employee. The expenses of an examination performed by a non-designated health service shall be borne by the employee.

The District may require that an employee present proof of fitness to perform job duties.

#### STUDENT FUND RAISING ACTIVITIES

The Board of Education encourages fundraising activities to support student clubs, organizations, field trips and excursions, and other activities; however, excessive fundraising can be intrusive on students' families, or on the community so the following guidelines have been established so that student fundraising activities:

- Serve a worthwhile/or educational purpose
- Promote the educational welfare of students
- > Not detract from students time and energy or the educational program
- Not unduly burden the community
- 1. The building principal and/or superintendent or designee will approve all fundraising activities.
- 2. Fund raising shall be limited to school clubs and groups which are approved by the school principal and have a faculty advisor from the school.
- 3. Fundraising activities that involve service to the community (i.e., concession stands, dinners, car washes, etc.) are encouraged.
- 4. Any fundraiser that involves the sale of products to parents and/or community members must be approved and scheduled by the principal in advance of any contract with vendors.
- 5. Students under the age of 11 will be permitted to participate in fund raising activities provided written approval has been obtained from the student's parent or guardian. Students under the age of nine or each group containing one or more students under the age of nine shall be physically accompanied by a parent or by a person at least 16 years of age when working in a fund raising activity.
- 6. Student participation in fundraising events will be strictly voluntary and quotas will not be assigned. The use of any school's name shall not be used in connection with any fundraising unless prior approval has been obtained from the Principal.
- 7. Funds raised for school-sponsored activities must be turned over to the building secretary or designee for deposit in the school bank account, as required by law, and accounted for by the board of education each year during the regular audit of district funds.
- 8. All funds raised by a specific club must be only used for activities of the club and may not be diverted to other school purposes or activities without the express approval of the student group involved in raising the funds.
- 9. All funds shall be under the ultimate control of the Board of Education and are accounted in the District accounting records and administered in accordance with policies and guidelines established by the Assistant Superintendent of Business Services and/or designee.
- 10. Each building principal reserves the right to limit such fund raising activities if such becomes disruptive to any educational process.
- 11. No solicitation of funds for non-school activities from school personnel during school time is permitted except as authorized by the Superintendent or designee.

- 12. The sale of food or beverages on campus, before school, during the designated meal period(s) and up to half an hour after school in schools in which the nonprofit national school lunch and/or school breakfast program is in operation shall be restricted in accordance with United States Department of Agriculture (USDA) regulations.
- 13. Sales representatives from fund raising companies are to check in with the building main office prior to talking to any activity advisor, coach or school staff member. Sales people will be provided with guidelines that they are expected to follow while in the building.
- 14. Non-district fundraising groups, projects, & activities (i.e. Scouts...), wishing to conduct sales within public school facilities, must have permission of the building Principal and shall adhere to guidelines #4, 5, and 6.
- 15. Violation of this policy may result in suspension of fundraising activity.

#### STUDENT ACTIVITY FUNDS MANAGEMENT

The purpose of student activity funds is to help support a program of co-curricular and extracurricular activities established and authorized by the District. The raising and expending of activity money by students has but one purpose: to promote the general welfare, education, and morale of students and to finance the legitimate activities of the student organizations (defined as an active student-based organization with an advisor, student officers, and a specific student-related purpose or mission). Funds raised under the umbrella of a student activity belong to the student organization, not to individual students or to the advisor.

Acting as agent, the district is responsible for maintaining records and properly accounting for the activity within the activity funds (student activity funds). The funds are under the control of the school board, which has a fiduciary responsibility to establish and enforce policies and procedures to safeguard activity account assets consistent with other assets of the school district. The school district activity fund policy goal is to formulate and evaluate fraud prevention and create detection policies and procedures to ensure the safeguard and accounting integrity of student activity funds. These policies and procedures that the school district has adopted are to establish and improve controls over activity funds for which it has custodial responsibility.

The Assistant Superintendent of Business Services or designee has the final responsibility for the student activity funds management accounting system.

### II. TOPICAL INFORMATION

#### A. What is the purpose of presenting this to the Board of Education Committee?

There have been changes related to 2015 Act 55 specifically related to open enrollment for students with disabilities. These changes will require school boards to update their open enrollment policies. These updates must be completed before the first day of the regular application period to which the policy will first apply.

## B. What information must the Board of Education have to understand the topic/concern and provide any requested action?

There have been changes in 2015 Act 55 (2015-2017 Budget) that directly effect open enrollment for students with disabilities. Most notably, these changes will effect the open enrollment transfer amount for students with disabilities, and a district's ability to deny an open enrollment application due to undue financial burden. Detailed information about the changes to 2015 Act 55 can be found at:

http://dpi.wi.gov/sites/default/files/imce/open-enrollment/pdf/qa-16-17-oe-changes.pdf

C. If you are seeking Board of Education action, what is the rationale for your recommendation?

See B above.

- D. What are your conclusions? (NOTE: Reports requesting action must contain a specific motion for Board of Education consideration and a fiscal note.)
- **<u>MOTION</u>**: The Policy & Personnel Committee recommends the revisions of Policy 424 RULE 1 State Public School Open Enrollment to the full Board of Education for final reading.

Please indicate if you are using an Existing Budget, requesting Fund Balance Monies or placement on the Budget Priority List: existing budget

Long Term Committed Funds? Yes

**BUDGET LOCATION:** The open enrollment transfer amount is a Fund 10 expenditure or revenue.

**FISCAL IMPACT:** The open enrollment transfer amount is a transfer of general school aids, not a tuition payment for specific costs. The actual costs of providing special education and related services are the responsibility of the nonresident district.

### STATE PUBLIC SCHOOL OPEN ENROLLMENT - FULL-TIME (RESIDENT & NONRESIDENT)

These guidelines will be administered in accordance with the Full-Time Public School Open Enrollment Program, in accordance with state law and established procedures.

Wisconsin's full-time public school open enrollment program allows parents or legal guardians to apply for their children to attend school in a school district other than the one in which they reside. Adult students may complete the application process themselves.

Any student in grades kindergarten to 12 may apply to attend school full-time in any public school district in the state. Students may apply for 4-year-old kindergarten, pre-kindergarten, early childhood education, and school operated day care only if the student's resident school district offers the same type of program and only if the student is eligible for that program in his or her resident school district.

Students who do not reside in Wisconsin may apply for full-time open enrollment during the application period established by state law. However, the student must reside in Wisconsin, in the school district indicated as the resident school district on the application form, before beginning open enrollment and no later than the third Friday in September in the school year for which the application is submitted.

Students who reside in Wisconsin and are currently enrolled in a private school or a home based private educational program, may apply for full-time open enrollment during the application period, but the student must enroll in his or her resident school district prior to beginning open enrollment. Once the student begins open enrollment, the student may no longer be enrolled in a private school or home-based private educational program.

If a family is planning to move, it is essential that the family contact the school district's open enrollment coordinator or the Department of Public Instruction's open enrollment consultant prior to the move to find out how the move will affect the student's ability to attend the district he or she wishes to attend. If a student moves to a resident school district other than the one indicated on the application form prior to the 3<sup>rd</sup> Friday in September of the first year of the student's open enrollment, the student's open enrollment is void. If a student moves to a different resident school district after the third Friday in September of the student's first year of open enrollment or in subsequent years, the open enrollment may continue.

### **Application Period**

Applications for State Public School Open Enrollment will only be accepted during the application period established by state law. The application period begins on the first Monday in February and ends at 4:00 p.m., on the last workday in April of the school year immediately preceding the school year in which the student wishes to attend.

## **Application Process**

The parent, legal guardian or adult student may apply in one of two ways:

- On-line (recommended) through the Department of Public Instruction (DPI) website.
- Paper Application form provided by the DPI, may be obtained in early January on a date specified by the DPI, from any school district or from the Department of Public Instruction.

Applications may be submitted to no more than three non-resident school districts.

Applications may not be accepted prior to the application period, nor after the application period deadline. Paper applications must be physically received in the non-resident school district by the application deadline. A postmark is not sufficient. All applications to the School District of Beloit, as the non-resident school, must be received by the Central Enrollment Office. Late applications will not be accepted for any reason.

Applicants to charter schools, including virtual charter schools, you must know and indicate the nonresident school district in which the charter school is located on your application.

Once a student is attending in the School District of Beloit under the State Public School Open Enrollment program, the student may continue to attend in the district without reapplication, except as follows:

The School District of Beloit shall require all nonresident open enrolled students attending elementary school in the district to reapply for enrollment prior to admission to middle school in the district. The School District of Beloit shall notify the family, in writing, no later than the first day of the State Public School Open Enrollment period. The notification will include an application form which is to be completed and returned to the Central Enrollment Office of the School District of Beloit.

All applications received by the School District of Beloit will be forwarded to the Superintendent, or designee, for acceptance or rejection. All applications shall be reviewed using the acceptance/rejection criteria outlined in this policy and in accordance with established district policies and guidelines. No action will be taken before May 1. The Superintendent, or designee, shall submit a report to the Board regarding acceptance or rejection of the applications for information only.

The following guidelines will be used to determine the acceptance or rejection of State Public School Open Enrollment applications received by the School District of Beloit.

### **Ineligible Applications**

Applications to open enroll may be denied by both the non-resident school district and the resident school district if the application is "ineligible" as indicated below:

- The application was late
- The application was incomplete
- The application was deliberately falsified (the school district may rescind an approval of the application if the deliberate falsification was discovered after the application was approved.)
- A paper application was submitted but not signed by the parent, legal guardian, or adult student
- The child does not meet age requirements for school admission
- The application did not indicate a resident school district, or more than one resident school district was indicated on one or multiple applications
- Applications were submitted to more than three non-resident schools districts
- The student is not eligible for open enrollment because the child's resident school district does not offer the same 4-year-old kindergarten, pre-kindergarten, early childhood education program, or school operated day care program that the child requests; or the child is not eligible for the program in his/her resident school district.

### **Sequence of Priority**

The School District of Beloit will observe the following sequence of priority when approving open enrollment applications:

- 1. Residents of the School District of Beloit who have submitted a Request for Transfer, as per the School District of Beloit policies and guidelines, shall be given preference to their requested school, program, class or grade.
- 2. Students who have open-enrolled "in" and are currently attending school in the district and the siblings of the currently-attending student. These students are referred to as "preference students".
- 3. If there are more preference students than there are spaces the School District of Beloit will select among the preference students randomly.
- 4. If, after all preference students have been approved, there are still spaces available, the remaining applicants will be selected randomly. If in this random selection process, a student is selected, that student's siblings must be granted preference to the next available spaces. If there are no spaces available in the sibling's grade, the sibling must be denied.

5. Resident students who have open enrolled "out" and are currently attending the non-resident district for which the application is made, and their siblings, will have their applications approved first.

Siblings are defined as children who share one or two parents by birth or adoption. Siblings are entitled to preference whether or not they reside in the same household. For open enrollment preferences, siblings also include step-siblings who reside in the same household.

### Criteria for Rejecting Applications - Non-Resident School District

The School District of Beloit, as the non-resident school district, may deny open enrollment for the following reasons:

- Space is not available in the school, program, class or grade the student would attend.
- The student is currently expelled and the expulsion will extend into the school year for which the application is submitted (regardless of the reason for expulsion).
- The student has been expelled during the current or preceding two school years for any of the following reasons:
  - 1. Conveying or causing to convey any threat, false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives.
  - 2. Engaging in conduct while at school or while under the supervision of a school authority that endangered the health, safety, or property of others.
  - 3. Engaging in conduct while not at school or while not under the supervision of a school authority that endangered the health, safety, or property of others at school or under the supervision of a school authority or of any employee of the school district or member of the school board.
  - 4. Possessing a dangerous weapon, as defined in Wis Stats. §939.22(1) while at school or while under the supervision of a school authority.
  - 5. The School District of Beloit may accept students who were expelled from another school district during the preceding two years for the conduct listed above but have completed the term of the expulsion order. After review and consideration of the student's expulsion records the decision will be made on a case by case basis.
- The student is the subject of a pending disciplinary proceeding if the proceeding is based on any of the above reasons for expulsion.
- The special education or related services required by the student's individualized education program (IEP) are not available in the non-resident school district or there is no space in the special education or related services required by the student's IEP.
- The student has been referred for a special education evaluation but has not been evaluated.
- The student is a habitual truant, as defined in Board policy.

## Notice of Acceptance or Denial

The Non-resident school board or designee shall notify the applicant, in writing, of the acceptance or denial of the application on or before the first Friday following the first Monday in June after receiving the open enrollment application. If the non-resident school board or designee denies the application it shall include the reason for the denial in the notice.

If a Resident school district denies a student's enrollment in a non-resident school district the resident school board or designee shall notify the applicant and the non-resident school district, in writing, on or before the second Friday following the first Monday in June that the application has been denied, including the reason for denial.

## **Appeal Process**

The applicant may appeal a denial to the Department of Public Instruction within 30 days of the day the notice of denial is postmarked or is delivered to the applicant, whichever is sooner. The Department of Public Instruction is required by statute to uphold the school district's decision unless it finds the district was arbitrary or unreasonable. The Department's decision may be appealed to circuit court in the county in which the appellant resides.

### Notice of Assignment

If the application has been accepted by the School District of Beloit, and not rejected by the student's resident school district, the Superintendent, or designee, will determine which school or program the non-resident student may attend in the following year. This determination will be made in accordance with established district policies and guidelines.

The School District of Beloit, as the non-resident school, shall notify the accepted applicant on or before the first Friday following the first Monday in June, in writing, of the specific school or program the student may attend in the following school year.

### Notice of Intent to Attend

The accepted applicant must notify the non-resident school district of the student's intent to attend school in the district in the following school by July 7. If the accepted applicant fails to make this notification, the non-resident district may refuse to allow the student to attend the district school or program.

### Special Education or Related Services After Enrollment

If a non-resident student's IEP changes after the student begins attending school in the District, and the special education program or services required by the IEP are not available in the special education program identified in the IEP, the student may be required to return to the resident school.

If a student who is open-enrolled is referred for a special education evaluation, and the results of the evaluation indicate a disability, and the non-resident school district does not offer the special education or related services required in the IEP, the student may be required to return to the resident school.

## **Open Enrollment-Exception**

A student can apply for open enrollment at any time outside the regular open enrollment application period if the parent is able to show that one of the seven criteria set forth in the statute applies. A student who fits within one of these exceptions is entitled to begin attending the non-resident school district as soon as the application has been approved by the non-resident school district. The exceptions apply in the following instances: (1) the student has been the victim of a violent criminal offense occurring at the resident school district; (2) the student is or has been homeless in the current or immediately preceding school year; (3) the student has been the victim of repeated bullying or harassment that has not been resolved by the resident school district despite parent complaints; (4) the student's parent or guardian has had a change in residence as a result of military orders; (5) the student has recently moved into Wisconsin; (6) the student's place of residence has changed due to a court order, custody agreement, or foster care placement; or (7) the parent, and both the resident and non-resident school districts, agree that attending school in the non-resident school district is in the best interests of the student.

A resident school district may deny a student's application under any of these exceptions if it determines that the exception does not apply. This ground for denial does not apply if the student qualifies for immediate open enrollment under the exception for victims of a violent crime.

Under all of the exceptions, the non-resident district may deny the open enrollment application for the same reasons as it may deny an application under the regular application process that extends from February through April. Specifically, the non-resident school district can deny the open enrollment application if (1) space is not available; (2) the student applicant has been expelled by any school district during the current or two preceding school years for certain specified reasons (not including repeated refusal or neglect to obey school rules); (3) the special education or related services described in the child's IEP are not available in the non-resident school district; or (4) no space is available to provide the special education services, taking into account class size limits, pupil-teacher ratios, or enrollment projections established by the non-resident school district.

Under all the exceptions, the applicant may appeal a denial under the normal procedures as stated under the Appeal Process in this policy.

#### **Transportation**

The parent, legal guardian, or adult student who is eligible for a free or reduced lunch and who will be attending public school in a non-resident school district in the following school year may apply to the Department of Public Instruction for reimbursement of costs incurred by the parent, legal guardian, or adult student for transportation of the student to and from the student's residence and the school that the student will be attending.

The School District of Beloit does not provide transportation for open enrolled students unless required by law (e.g., when transportation is required in the non-resident student's IEP).

#### NEW STUDENT PLACEMENT GUIDELINES

A student shall attend the resident school located within the school attendance area of the student's residence.

If the student's resident school has reached the enrollment limits for the student's grade, the student shall be assigned to a school within the walk zone of the student's residence. Parents will be provided the opportunity to request that this school become the student's resident school for the remainder of the elementary or intermediate school years.

If all schools within the walk zone have reached enrollment limits for the student's grade the student shall be assigned to a school outside the walk zone and transportation will be provided for the student through the end of the current school year. Students will be placed at their resident attendance area or walk-zone school at the beginning of the following school year.

A student's parent/guardian may request an In-District Transfer at the time of enrollment, and place their child on a waiting list for possible openings during the current school year at the student's resident school or at a school in the student's walk zone.

The District's transportation policy and guidelines will apply for students attending their resident school.

Placement limits in effect are as follows:

•	Maximum projected number of students in a receiving class for placement purpose					
	4 year old Kindergarten	Not to exceed 18 students				
	5 year old Kindergarten – 3 <sup>rd</sup> Grade:	Not to exceed 18 students				
	$4^{\text{th}} - 5^{\text{th}}$ Grade:	Not to exceed 25 students				
	$6^{\text{th}} - 8^{\text{th}}$ Grade:	Not to exceed 25 students				

If more requests are received for placement to a specific school and grade level than space can accommodate, the following guidelines shall be used to determine which placements are approved:

- a. The date and time the placement request was received.
- b. If the student previously attended the school being requested.
- c. The student has siblings who currently attend the school being requested.

The School District of Beloit reserves the right to assign students to specific schools and to make district transfer assignment revisions.

Parents/guardians who have requested their student(s) be put on a waiting list will remain on the waiting list until an opening, based on placement limits, is available. If, at the time of an opening, the family declines to accept the approved placement at the time of an opening, the student will be removed from the waiting list.

### IN-DISTRICT TRANSFER GUIDELINES

Students wishing to transfer within the School District of Beloit shall complete and submit an In-District Transfer Request. In-district transfer requests include the following situations:

- Students *currently enrolled* in the School District of Beloit wishing to transfer from their current resident school to another District school for the *following* year.
- Students *currently enrolled* in the School District of Beloit wishing to transfer from their current resident school to another District school within the *current* year.
- Students who have *moved* from their resident school into another school attendance area or walk zone within the School District of Beloit during the *current* school year and want their child to stay in his/her *current* school for the remainder of the *current* school year. The parent/guardian shall provide proof of residency for their new address.
- New students, *enrolling* in the *current year*, wishing to attend a school other than their resident Attendance Area or Walk-Zone Schools.
- New Students *enrolling* for the *following* school year wishing to attend a school other than their resident Attendance Area or Walk-Zone Schools.
- District initiated transfers of *current* students to specific schools based on the best educational interests of the student.

#### **Procedures for In-District Transfer Requests**

- 1. The application period for in-district transfer requests begins the first attendance day in January and ends at 4:00 PM on the last attendance day in February.
- 2. Applications for in-district transfer requests must be submitted on the District's application form, and are to be submitted by a student's parent/guardian to the Central Enrollment Office.
- 3. Applications will be reviewed after the last attendance day in February and families will be notified no later than the end of April of acceptance to the requested school for the following school year.
- 4. Exceptions to the application deadlines will be made for the following special circumstances, and will be considered on a case by case basis:
  - a. Families who moved from their resident school into another school attendance area or walk zone within the School District of Beloit during the current school year and want their child to stay in his/her current school for the remainder of the current school year. The parent/guardian shall provide proof of residency for their new address.
  - b. The student is homeless in the current or immediate preceding school year.

- c. The student has been a victim of repeated bullying and harassment, and the following apply:
  - i. The student's parent/guardian reported the bullying and/or harassment to the school's administration.
  - ii. In spite of action taken by school administration to relieve the bullying/harassment, the bullying/harassment still continues.
  - iii. The school administration and the student's parent/guardian mutually agree that the student would benefit more from the transfer rather than remaining at the current school of attendance.
- d. The student's residence has changed as a result of a court order or custody agreement or because the student was placed in or removed from a foster home or with a person other than the student's parent.
- e. The student's attendance in a school in the nonattendance area school is considered to be in the best interest of the student. The application must justify the reasons for requesting this exception and why attendance at the nonattendance area school is in the best interest of the student.
  - i. The school administration and the student's parent/guardian must mutually agree that the student would benefit more from the transfer than remaining at the current school of attendance.
- 5. Intermediate school and high school grade students wishing to transfer to a School District of Beloit virtual school or charter school must meet the application and admission guidelines of the school.

## **In-District Transfer Request Decision Making Factors**

In-District Transfer requests will be considered in the order in which they are received, based on a the space and staffing available at the requested school, and based on the special education and/or related services, including specialized transportation, set forth in the student's individualized education program that are currently available in the requested transfer school. Transfer limits in effect are based on maximum projected number of students in each class:

> Maximum projected number of students in a receiving class for transfer purposes:

4 year old Kindergarten – 3 <sup>rd</sup> Grade:	Not to exceed 18 students
$4^{\text{th}} - 5^{\text{th}}$ Grade:	Not to exceed 25 students
6 <sup>th</sup> – 8 <sup>th</sup> Grade:	Not to exceed 25 students

If more requests are received for transfer to a specific school and grade level than space can accommodate, families can request their student(s) be placed on a waiting list and the following guidelines shall be used to determine which transfers are approved:

- a. The student has siblings who currently attend the school requested.
- b. The student currently attends the school requested.
- c. The date and time the In-District Transfer Request was received.

Students who have been placed on a waiting list will remain on the waiting list until an opening, based on district transfer limits, is available. If at the time of an opening, the family declines to accept the approved transfer, the student will be removed from the waiting list, and the In-District Transfer Request will no longer be active. The School District of Beloit does not carry over pending transfer requests from one school year to the next.

Approved In-District transfers are valid for the balance of the student's elementary or intermediate school educational experience at the school requested. In-District transfer requests for continuing attendance are approved for the remainder of the student's current school year at the student's current school.

All approved In-District transfers, including continuing attendance, shall be with the understanding that parents must provide transportation for the students who are transferred.

The School District of Beloit reserves the right to assign students to specific schools and to make District transfer assignment revisions.

A decision denying the request may be appealed to the Superintendent. If not resolved by the Superintendent, an appeal may be made to the Board of Education.
